Data from the Census Bureau ACS 1-Year Estimate (2011 and 2021)

About 1 in 20 households don't have a vehicle.  
Over a third of households have 1 vehicle, and over another third of households have 2 vehicles.  
A little over 10% of households have 3 vehicles, while only around 5% have 4 or more.

Vehicle ownership is on the rise from 10 years ago: almost 50% less households in Warren don't have a vehicle in 2021 compared to 2011, while households with 4 or more increased by nearly the same percentage up 47%.
